Common Account Disclosures

The following disclosures apply to all types of accounts.

Business Day: The term “business day” refers to every day, except Saturdays, Sundays, and federal holidays.

Rate Information: Your interest rate and Annual Percentage Yield (APY) may change.

Accrual of Interest: Interest begins to accrue no later than the business day of your deposit.

Minimum Balance to Obtain the Annual Percentage Yield Disclosed: You must maintain a minimum balance of \$100 in the account each day to obtain the disclosed APY.

Determination of Rate and Frequency of Rate Changes: At our discretion, we may change the interest rate on your account at any time.

Compounding and Crediting Frequency: Interest will be compounded monthly. Interest will be credited to your account every month on the statement date. Fees could reduce earnings on your account.

Account Closing and Interest: If you close your account before interest is credited, you will not receive the accrued interest.

Balance Computation Method: We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.
