PCSB Bank employees combined holiday fun with the spirit of giving during the company's annual Ugly Holiday Sweater Day.

Employees raised \$1,456, which was matched by the bank, for a total of \$2,912 donated to Maria Fareri Children's Hospital. Located in Valhalla, the hospital is a member of the Westchester Medical Center Health Net-

work and serves as the advanced care pediatric hospital for New York's Hudson Valley region and Fairfield County, Conn.

Reflecting the bank's tradition of supporting the health and well-being of local communities, PCSB Bank employees participate in a number of charitable fundraising events throughout the year.
